**& The American Association for the Advancement of Science (AAAS)**

**invite you to participate in a**

## **Workshop on Communicating Climate Science**

**Wednesday, January 14, 2015**

**9:00 a.m. – 12:30 p.m.**

**Clark Lab 507, Quissett Campus**

**Woods Hole Oceanographic Institution, Woods Hole, MA**

**This workshop is open to all, but space is limited & pre-registration is required. For more information and to register please visit:**

**<http://www.whoi.edu/main/occi/communicating-climate-science>**

The ability to convey complex concepts effectively can help scientists successfully engage in a variety of public and professional interactions, including speaking with public audiences, conducting media interviews, writing grant proposals, discussing ideas with students, testifying before Congress, and/or participating in a public forum.

This interactive workshop will touch on all of these aspects, with a special emphasis on speaking to and initiating dialogue with public audiences regarding climate science and climate change adaptation and impacts.

**\*Sponsored by the Ocean & Climate Change Institute (<http://www.whoi.edu/main/occi>)**
