

Hi All,

I will leave WHOI soon and have a used car for sale (Model: Suzuki SX4 hatchback, Year: 2008, Mileage: 88,000 miles). The car is in good condition. I drove to Boston and Rhode Island when it snowed in the winter. I bought it from Subaru dealer in Bourne last December with a price of 5000. I would like to sell it with a price of 3200. You can get the car at the beginning of November. A little earlier is also possible and we can discuss it. If you or your friend is interested, please contact me with email: jicaizhang@whoi.edu, or text me: 508-2921005.

Thanks for your attention.

Jicai Zhang, Ph.D.
