

The **WHI**  Broader Impacts Group (BIG) presents:

A **Community** Workshop on Designing Successful **Broader Impacts** Projects

Please join us for a virtual workshop and panel aimed at fostering an exchange of expertise and ideas for designing meaningful and successful broader impacts components of research projects/proposals. Anyone – regardless of experience level – who is interested in incorporating broader impacts into proposals is welcome!

When: July 15, 1:30-3:00 pm ET

Format: brief presentations,
panel with open Q&A,
breakout rooms

Where: Zoom ([register here!](#))

Featuring:

- Aisha Morris – Program Director at NSF
- Anna Michel – Associate Scientist, AOP&E
- Julie Huber – Associate Scientist, MC&G
- Rob Evans – Senior Scientist, G&G
- Ken Buesseler – Senior Scientist, MC&G
