

Hyper Bicycles Men's 26" Shocker Mountain Bike, Black (price for a new one \$130). Asked for \$30, helmet included.

Rarely used, with very good condition in tires and breaks. It has 3-level front derailleur, and 6-level rear derailleur. The front 3 gears works perfectly, while because of the loosened string, only 3 of the 6 rear gears are shiftable. I don't have the tools to strengthen the string. Nevertheless, I don't find any problem to ride it; the 3 front gear shifting is enough in most case. Need to pick up in East Falmouth, near the Walmart.
