## Coastal & Marine Initiative: Geomorphology, Hydrology, Physical Oceanography and Air-Sea Interactions

Florida State University is continuing its *major interdisciplinary initiative in the broadly defined area of Coastal & Marine Research*. During the 2014-15 academic year, the initiative will be recruiting up to five tenure-track faculty members and the search is open with respect to rank. We invite applications from researchers active in coastal system research in the areas of geomorphology, hydrology, physical oceanography and air-sea interactions. Candidates with research interests that bridge across disciplines, including life sciences, are encouraged to apply. The search seeks to complement the existing strengths in coastal and marine research in the Department of Earth, Ocean and Atmospheric Science, the Department of Biological Science and the FSU Coastal and Marine Laboratory. Faculty appointments will be in the Department of Earth, Ocean and Atmospheric Science and can be based at the Coastal and Marine Laboratory. Successful candidates are expected to have a synergistic impact on existing coastal and marine research programs at the University and to contribute to teaching and mentoring at the undergraduate and graduate levels. Successful candidates will be offered highly competitive salaries and start-up packages, high quality research space and access to state-of-the-art instrumentation, computing and facilities in academic and interdisciplinary units. Applicants are asked to provide a single document in PDF format containing a letter of application, a curriculum vitae, a two page narrative describing their research interests and plans, and a brief teaching statement. Applications must be sent electronically to **coastal-marine2014P.search@fsu.edu**. Applicants should also have three letters of recommendation sent to **coastal-marine2014P.letters@fsu.edu**. The closing date for applications is November 12, 2014.

*Florida State University is committed to the diversity of its faculty, staff, and students, and to sustaining a work and learning environment that is inclusive. Women, minorities, and people with disabilities are encouraged to apply. FSU is an Equal Opportunity/Access/Affirmative Action Employer.*
