Mentoring Physical Oceanography Women to Increase Retention

2015 Pattullo Conference October 4-7, 2015

Meet others in your field and make connections

Register for the Pattullo Conference, a 3-day mentoring event bringing together junior and senior scientists.

"This is a great opportunity to meet young researchers and senior researchers. It is a wonderful place to network, to share worries and fears, get good and sound feedback on your cv, to discuss how to reach your goals, to define your goals." - Junior Participant

"Amazing, invaluable networking experience!" - Junior Participant

"This conference was a high point of my year. Spending three days getting to know the next generation of my colleagues, getting a snapshot of the field, and being challenged to reflect on how we can do better as a community was an invigorating experience." -Senior Scientist
