

# VISITING SCHOLAR OR POSTDOC FELLOWSHIPS AT STANFORD BIO-X

The Novo Nordisk Foundation's Visiting Scholar or Postdoc Fellowships at Stanford Bio-X offer young ambitious researchers the opportunity to carry out postdoctoral-level research at one of the world's foremost interdisciplinary institutes.

As a visiting scholar or postdoc at Stanford Bio-X, you will have the opportunity to transcend the boundaries between scientific disciplines and work closely with leading international researchers in a unique research environment.

## Applicant Eligibility:

- Will have obtained a PhD degree within 5 years of the fellowship start date
- Will have a solid education and experience with biomedicine and/or biotechnology
- Has a significant association to the Danish educational system or research environment, e.g. by having graduated from a Danish University or worked as a postdoc in Denmark

Up to two fellowships will be awarded, each lasting 4 years with 3 years at Stanford Bio-X followed by up to 1 year at a Danish university or other public or non-profit research institution. Up to DKK 4 million will be funded per fellowship.

## Application Deadline:

14:00 (CET)  
11 February 2019

## Project start date:

between  
23 September 2019  
and 27 January 2020
