

Invitation

Come to our Healthy Home Party

Please join us for an educational event to learn how to create a healthier environment for children and your family.

THE ISSUE:

Never before in human history have we seen such a dramatic rise in chronic childhood diseases and illness as we do today in the United States. Currently over **125 Million children and adults** suffer from diseases and health conditions such as:

- Cancer
- Autism
- Asthma
- Birth Defects
- ADD / ADHD
- Learning and Developmental Disabilities.

THE SOLUTION:

You can create healthy environments for your children. With the help of **Healthy Child Healthy World**, in strategic partnership with **LUNA®**, we would like to show you many opportunities to take positive steps and manage your life in a safer, greener and healthier way.

Join us for a short presentation and discussion with Judy Welch owner of The Loft, Local & Organic Food ToGo, about how Local and Organic Food Choices are better for everyone.

When: August 9th, 2008 time 3:30 pm

Where: The Loft, Local & Organic Food ToGo, 182 Brackett Road, Eastham, MA

Hosted By: Judy Welch & Stacy Rogers

Phone: 508-240-0124

Children are welcome
