

The Living Resources &
Water Quality of
Buzzards Bay
with Dr. Joe Costa

Wednesday, January 25, 2012

7 pm

Falmouth Public Library

REFRESHMENTS WILL BE SERVED.

Dr. Joe Costa is the Executive Director of the Buzzards Bay National Estuary Program, (BBNEP), a planning and technical assistance unit of Massachusetts Coastal Zone Management. In his work at the BBNEP, he led the establishment of the Massachusetts Alternative Septic System Test Center, helped develop state policy on a wide range of issues, and helped municipalities design and implement solutions to protect and restore water quality and habitat in Buzzards Bay and its surrounding watershed.
