

FRIENDS OF MONOMOY

# 2013

## LECTURE SERIES

“A Lifetime  
on the  
waters  
of the  
Monomoy Islands”

### Presents

Keith Lincoln of Monomoy Island Ferry

### When?

Monday, April 15th at 7:00PM

### Where?

Chatham Community Center  
702 Main Street  
Chatham, MA 02633

Have you ever wondered how seals can dive to such deep depths to capture fish without getting the bends?

Come to the first of our lecture series to find out!

Keith Lincoln has been running a family business as the Captain of the Rip Ryder Ferry and Seal Cruise service since 1989. The “closest boat to the seals” has escorted the public on tours on and around Monomoy National Wildlife Refuge for years and now the cruise is coming to the mainland! Join us for the very first lecture of our 2013 series to learn more about seals, their natural behavior, and how they use the Chatham waterways. Keith will discuss the general biology and behavior of seals in laymen’s terms and discuss the sometimes controversial topic of human interactions with seals. Join us!

All lectures in this series will be held at the Chatham Community Center at 7:00PM on the third Monday of each month beginning in April 2013. While lectures are FREE and open to the public, donations to help fund the Friends of Monomoy will be gratefully appreciated.
