

### **Long Pasture Wildlife Sanctuary**

PO Box 235, 345 Bone Hill Rd  
Cummaquid, MA 02637

### **Environmental Educator/Teacher Naturalist**

Location: Barnstable, MA

We are seeking an experienced and enthusiastic environmental educator to join our Education staff. Mass Audubon's Long Pasture Wildlife Sanctuary is a young and flourishing sanctuary on Cape Cod overlooking Barnstable Harbor. The Environmental Educator will teach a variety of natural history programs on local wildlife and ecological concepts to school groups and families both in school and in the field. The Environmental Educator will also assist the Education Coordinator in the development of new programs that meet the Massachusetts Curriculum Frameworks, and the coordination, preparation, and marketing of public education programs and special events.

This is a 20 hr/week year round position, with the potential for increase over time.

**Qualifications:** Bachelor's degree in education, biological, earth science, environmental studies, or equivalent, and a minimum of 1 year of experience in conducting educational programs or Master's degree in education, biological, earth science, environmental studies, or equivalent; or any equivalent combination of education and experience. Ability to relate to a diverse range of people and exercise cultural competence and inclusion. Successful candidates will have experience teaching in the classroom, as well as in the field; knowledge of basic principles of ecology and natural history, marine biology, and coastal ecosystems; and a background in field identification. Requires First Aid and CPR certification upon hire. Requires successful completion of a CORI and SORI.

**Benefits:** Starting salary is \$13.26 per hour.
