***Cape Cod Information Session,  
Draft MS4 Stormwater Permit for Massachusetts***

**Wednesday, December 10, 2014, from 9:30 am to 12:30 pm  
Lecture Hall A, Cape Cod Community College  
2240 Iyannough Road (Route 132), West Barnstable, MA 02668**

On December 10, the Barnstable County Coastal Resources Committee (CRC) and the Cape Cod Stormwater Managers Group will hold a joint meeting featuring Mr. Newton Tedder, MS4 Program, U.S. Environmental Protection Agency, Region 1.

Mr. Tedder will give a presentation on the draft MS4 Stormwater Permit for Massachusetts. This information session will be similar to prior EPA information sessions held in Lakeville and elsewhere, but will enable Cape Cod resource managers and the public to obtain information on the draft MS4 Stormwater Permit as it pertains to Cape Cod communities (e.g., Cape Cod TMDLs).

The target audience for this presentation includes municipal stormwater and wastewater managers, public works directors, natural resource managers, planners, conservation commissions, decisionmakers and the general public.

Following the presentation, there will be a joint meeting of the Coastal Resources Committee and the Cape Cod Stormwater Managers Group to discuss next steps.

The public is invited to attend this presentation and meeting. The event is hosted by the Association to Preserve Cape Cod, a member of the Coastal Resources Committee. Refreshments will be provided.

This event is free, but RSVPs are appreciated – email Dr. Jo Ann Muramoto at [jmuramoto@apcc.org](mailto:jmuramoto@apcc.org) or call her at (508) 362-4226 ext.16.

Directions: Take Route 6 (the Mid-Cape Highway) to Exit 6. From Exit 6, travel northbound on Route 132 for approximately 1/10 mile. The College entrance will be on your right. Follow the one-way road until you see Parking Lot 7 on your right. Lecture Hall A will be on your left.

The Barnstable County Coastal Resources Committee (CRC) is the County's coastal advisory committee, serves as a liaison between towns and the County on coastal issues and is the local governance committee for the Cape Cod region of the Massachusetts Bays National Estuary Program. For more information, contact Dr. Jo Ann Muramoto at (508) 362-4226, ext. 16 or email her at [jmuramoto@apcc.org](mailto:jmuramoto@apcc.org).
