FRONT STREET RESTAURANT BENEFIT - GENERATES \$11,000 FOR WILD CARE

Provincetown, MA – On November 3rd, Front Street restaurant owners Donna Allperti, and Kathy Cotter hosted an exquisite 5-course dinner and wine pairing in honor of WILD CARE INC., a wildlife rehabilitation center located in Eastham. The dinner generated over \$11,000 in support of WILD CARE'S mission of rehabilitating and releasing sick, injured, and orphaned wildlife. "This fundraiser has become a wonderful tradition for Wild Care. We filled the restaurant with kind-hearted and generous patrons, many of whom come to this event every year. We are so thankful for Donna and Kathy's generosity", states WILD CARE Executive Director, Stephanie Ellis. "WILD CARE is dependent on public donations. We do not receive state, federal, or municipal funding, and the cost of running WILD CARE for one month during the summer months is upward of \$18,000. In 2015, we rehabilitated a total of 1,276 animals. As of today, we have already received over 1,300 animals. With the pending closure of the Cape Wildlife Center in Barnstable, we are going to see an influx of animals in need. I believe this is going to be a record year for Wild Care. There are so many animals that need our help." WILD CARE would like to extend a special thanks to Front Street owners, Donna Allperti and Kathy Cotter, and their wonderful staff, Emily Flax for coordinating the event, and to all joined us for this intimate evening. To make a donation to Wild Care, visit <http://www.wildcarecapecod.org/donate-today/>.

Front Street Restaurant is located on 230 Commercial Street, Provincetown, 508-487-9715
<http://frontstreetrestaurant.com>

WILD CARE's wildlife rehabilitators treat birds, mammals and reptiles brought to the center, with the goal of releasing them back into the wild when they are capable of independent survival. Through public education, WILD CARE works to prevent wildlife casualties and works to engage the community in conservation through volunteerism. Since our founding WILD CARE has accepted over 22,000 wild creatures, representing over 275 species of native birds, mammals and reptiles.
