

Topics in Oceanography

Professional Development Workshop for Educators at the Woods Hole Oceanographic Institution

Explore the ocean with scientists sharing their cutting edge research. Topics covered in this workshop will show the linkages between biology/climate change and environment/coral health. Drill some coral test samples and experience research first hand. Take home a thumb drive with background material and classroom activities.

Coral Reefs, Symbionts, and Climate Change

Coral, Symbionts, and Ecosystem Health

Dr. Amy Apprill

Associate Scientist, Marine Chemistry and Geochemistry, WHOI

Coral Records of Environmental and Climate Change

Dr. Konrad Huguen

Senior Scientist, Marine Chemistry and Geochemistry, WHOI

Friday, May 4, 2018, 9:00 am – 3:00 pm
WHOI Ocean Science Discovery Center
15 School Street
Woods Hole, MA

Breakfast, lunch, thumb drives, hands-on activities, and PDP certificates provided.

Registration Deadline Tuesday, May 1, 2018

Contact: Grace Simpkins, gsimpkins@whoi.edu or 508-289-3639
