

# LISTEN UP!

## EXPERIENCES FROM STUDENTS OF COLOR ON THE CAPE

Join the Woods Hole Diversity Advisory Committee in partnership with Falmouth Academy and Falmouth High School for a listening event of stories from students about their experiences with race and racial bias in our community.

Listen Up! is an ongoing series of events by the Woods Hole Diversity Advisory Committee with the goal to create a space where underrepresented voices are heard and where listeners are challenged to think beyond their own experiences in the community. Help promote allyship in our community through listening.
